Ring Power[®]

Lift Trucks

FLORIDA'S PREMIER LIFT TRUCK DEALER

NEW & USED SALES RENTALS PARTS SERVICE TRAINING

Ring Power[®]

Lift Trucks

WE ARE THE PREMIER MATERIAL HANDLING EQUIPMENT SUPPLIER IN FLORIDA.

Whether you need a new or used forklift, a service call, parts—or an entire warehouse layout—with nine conveniently located facilities, we are the one-stop shop for all your material handling needs.

Ring Power Lift Trucks has over 100 new forklifts in stock at any given time and the largest used inventory in Florida. Not ready to buy? We have more than 300 units from 3,000 to 55,000 lbs. at 48" load center to handle all your rental needs.

Service calls are our top priority. Anyone can sell you a forklift; but it takes a trained professional with the proper skills, tools and parts to do the repairs correctly. Our 76 Caterpillar trained field technicians are dispatched by GPS with a four-hour guaranteed response time. If we're not there within four hours, the first hour of labor is on us!

NEW SALES

SUPPLYING FLORIDA COMPANIES WITH NEW FORKLIFTS FOR NEARLY EVERY APPLICATION.

If your Florida business is warehousing using electric forklifts, manufacturing and pneumatic forklifts, transportation or distribution of industrial supplies, construction materials, retail commodities or food, print shops, and beverage and bottling, we have a new forklift solution for your application.

We also have a complete line of new forklift attachments, batteries and chargers to fit all of your application requirements.

USED SALES

HIGH QUALITY AT THE RIGHT PRICE.

The work you do can be relentless, and Ring Power understands your need for reliable forklifts that make progress possible. Whether you require a forklift for stock picking in your industrial warehouse or to lift and transport heavy materials on a commercial construction site, we have a massive inventory of reconditioned forklifts to help you locate the cost-effective solution you're looking for.

Ring Power Lift Trucks takes great pride in offering the highest quality selection of pre-owned and reconditioned forklifts. So no matter the size and scope of the job or the specific challenges of the application, we'll help you locate the forklift suited for your needs at a price that makes sense for your budget.

Ring Power Reconditioned Forklifts

The reason Ring Power Lift Trucks' reputation as the place to go for used forklifts across throughout Florida is because we go the extra mile to ensure each forklift we sell serves you well. Our detailed reconditioning process is all-inclusive on every used forklift in our inventory, while many of our pre-owned forklifts are home grown in our own rental fleet and have been maintained in peak operating condition.

Our extensive quality control program assures the final used forklift for sale exceeds customer expectations. Before applying the Ring Power Lift Trucks decal, factory-trained technicians must inspect and provide thorough reconditioning on every forklift as needed, starting with complete visual and operational inspections of the brakes, electrical system, gauges, hydraulics, mast, engine, transmission, steer axles, etc. If you got your pre-owned forklift at Ring Power, you can be sure it's ready to tackle your toughest applications the minute it rolls off the lot.

Unmatched Selection of Quality Pre-Owned Forklifts

Forklifts are among the most essential pieces of equipment for the widest range of industries, whether it's manufacturing and warehousing or road building, home building or general construction. No matter if your job requires heavy lifting, transportation of materials or order picking in high and tight corridors, we'll help you find the forklift to meet your needs.

Ring Power carries used forklifts of all makes and models, and we keep an extensive inventory in stock ranging from cushion trucks to pallet jacks, piggyback lifts and telescopic handlers and pneumatic trucks to manlifts.

SERVICE

FORKLIFT SERVICE

Ring Power Lift Trucks is a complete full service forklift dealer with 60 factory-trained technicians, capable of complete rebuilds and overhauls on all makes and models of forklifts.

PLANNED MAINTENANCE

Quite simply, it's a program designed to extend the life of your lift trucks, while saving you time and money. By controlling maintenance costs, maximizing uptime, and reducing the need for in-plant services reducing the overall operating costs of your lift truck fleet.

FLEET MANAGEMENT AGREEMENTS

FMA takes the hassle out of lift truck maintenance - allowing you to concentrate on your business, while we concentrate on your lift trucks. In addition to keeping your lift trucks in peak operating condition, FMA helps you save money by reducing or reallocating on-site mechanics, stocking requirements, small tools, etc.

LOANER SERVICE GUARANTEE

Provides a lift truck until the repair is done if your lift truck is not repaired right the first time and within the quoted time.

FABRICATION SHOP

If you can visualize it, we can make it.

Our technician will be at your facility in 4 hours of receiving your service call or the first hour is on us. Go ahead – give us a try!

*Guarantee offered during normal business hours, Mon-Fri.

TRAINING & SAFETY

OSHA LIFT TRUCK OPERATOR SAFETY TRAINING

**PROPER LIFT TRUCK TRAINING CAN
REDUCE ACCIDENTS BY 70%.**

Are your employees required to have a license to operate a lift truck? Attend a formal OSHA certified lift truck operator training class to learn the answer.

- How often should a lift truck be inspected?
- How much does your lift truck weigh when sitting empty?
- Do you know what can happen when the lift truck's center of gravity moves outside its stability triangle?
- How often should lift truck operators be trained?

DO YOU WANT TO EDUCATE YOUR OPERATORS IN ALL AREAS OF SAFETY TRAINING?

After taking an Operator Safety Training Course, operators will know:

- The characteristics of a professional operator
- How to identify key components and their functions
- How the information contained on vehicle capacity plates affects vehicle operation
- Safe operating procedures when traveling, handling loads and working in aisles
- The appropriate action to take in case of a tip-over
- How to perform a preoperational walk-around inspection
- The importance of studying the lift truck's operator manual

Upon satisfactory completion of our training course, students receive a **certificate and wallet card.**

WE BRING THE TRAINING DIRECTLY TO YOU AND YOUR ASSOCIATES, SAVING YOU TIME AND MORE IMPORTANTLY, MONEY.

Just a few of the benefits of our Lift Truck Operator Safety Training Course:

- Ring Power Lift Trucks trainer comes to your operation at no extra charge.
- Your facility and equipment is used so you can have more employees participate in the training program and not have to shut your operation down.
- Your employees will feel more at ease and will be able to retain more of the training if they are in familiar territory.
- All trainers are certified by the State and by Caterpillar/Mitsubishi.
- Our training class includes on-site and equipment-specific training and observations.
- Apply at liftrucks.ringpower.com, simply click on the SERVICES button, then under Lift Trucks in the drop down menu click the Training link.

COMPLETE TRAINING & INSTRUCTION

- Counter Balance Sit Down
- Reach Trucks
- Walkie and Rider Pallet Jacks
- Order Pickers
- Electric, Gas, Diesel, and LP Lift Trucks
- Rough Terrain
- Manlifts
- Site Safety Inspections
