3-Year Battery Warranty Overview

3-Year Battery Warranty Details:

- 3 Years / 6,000 hours, whichever comes first
- Unit needs to be registered under a maintenance or service contract
- Only applies to normal & clean applications with 2,000 hours per year or less
- Requires signed application survey
- Only applies to original battery

How to provide documentation to Mitsubishi Logisnext Americas Inc.:

A copy of the signed Planned Maintenance agreement and an application survey signed by the customer must be provided to Logisnext in order for your unit to qualify for the 3-Year Battery Warranty. When registering your truck in the TRACS system, please attach the appropriate files.
